

**Vintage Stony - New Year's Day 2023  
On the Buckinghamshire - Northamptonshire Border**

We would like to announce that this year's 'Minutes Noise' will be in memory of a dear friend and event supporter, Simon Diffey.

We have also produced an enamel collectors' badge in Simon's memory. The manufacturing costs have been kindly sponsored by the 'Historic Sports Car Club', enabling all of your donations (we are suggesting a minimum of £5.00) to be donated to the, '**Simon Diffey Heritage Motorsport Apprentice Award**'.

The award was created by Simon's wife Sarah, in association with the Heritage Skills Academy.(HSA)

**Objective:** To continue in perpetuity Simon's ethos in recognising & encouraging the next generation of young Heritage Apprentice Engineers through opportunity.

**Awarded to:** An HSA apprentice for demonstrating talent in engineering, passion, enthusiasm, and exceptional commitment as a team player during their apprenticeship.

**The Award:**

- To live and work for 1 month with a famous Heritage Race team.
- A £3,000 award to cover the cost for accommodation, travel and subsistence during their secondment
- Secondment to include at least one international Historic Motorsport event
- Plus, an opportunity to obtain ARDS race license
